

HEALTH, SAFETY, ENVIRONMENT AND SUSTAINABILITY POLICY STATEMENT

Transocean is committed to continual improvement of our occupational health and safety, environmental, and energy management performance in a sustainable business framework.

Our vision is to conduct our operations in an incident-free workplace, all the time, everywhere. We are committed to:

- Eliminating workplace hazards and reducing occupational health, safety, and environmental risks
- Prevention of pollution
- Providing energy efficient services and promoting energy performance improvements

We systematically manage our occupational health, safety, environmental, energy management, and sustainability performance by:

- Upholding our FIRST Shared Values
- Compliance with applicable legal and other requirements
- Providing the necessary information and resources to set and achieve objectives and targets
- Engagement with internal and external stakeholders as appropriate
